### *A Message from Superintendent Dr. Rachel Savage:*

*Moline High School is a top tier institution where every student can reach his or her fullest potential and be community ready, regardless of the path taken after graduation. The highly qualified staff goes out of their way every single day to protect, provide, push and prepare. Go Maroons!*

# Constructing A Dream

The 2019-2020 school year has been one of the craziest imaginable. The year started just like any other, with freshmen drawing the blueprint for the next four years of their lives and seniors getting ready to place the last few building blocks in their high school careers. There were exciting events like the reveal of the new graduation gowns and the start of the construction of the new P.E. facility, which will add a six-lane track, weight room, four courts, and new locker rooms. We also welcomed Dr. Rachel Savage in her first year as the new superintendent. Every project has unexpected setbacks, and the second half of the school year is one nobody saw coming. The COVID-19 virus started to spread globally, triggering a pandemic. For the safety of students and staff, Governor J.B. Pritzker ordered a state-wide closure of schools and public events. Our spring athletes were some of the hardest hit because their seasons were cancelled, for some, the last season in their high school career. We on the "M" staff finished the book via text messages, emails, and Zoom meetings. In order to continue classes from home, teachers and students had to adjust to remote learning, which was a new experience for both. Students have made the best of it by trying new hobbies and spending more quality time with family. We can't change the circumstances, but we can always try to make the best of them and keep building forward.

Moline has a strong spirit and we are sure we can continue building towards our dreams despite the challenges. With that in mind, the "M" staff is proud to present "Constructing a Dream" as the 2019-2020 edition of the "M."

# SUPER FANS

Above- Dylan Wiemers, Nicole Ellis, Madison Davis, Kayla DePorter, Whitney Taylor, and Bailey Capan dressed in camo and cheer the football team on to a Homecoming victory against Rocky.

Left- Superfans cheering on the basketball team. Moline's super fans helped make this a season full of excitement and joy. MHS Superfans are truly one of a kind.

## Camo

Celebrating Homecoming, the fans went all in with camouflage paint and a victory against Rocky.

## Hippie

During an exciting Basketball game against Geneseo, the fans went old school with colorful shirts for Hippie.

## Red 4 Kovi

Superfans wore red to support their fellow classmate Kovi, who at the time was battling a sever illness, which he overcame!

## Beach

Although we live in the Midwest, fans brought out the shades, towels, and sunscreen during a game against Alton.

Whether it's a chilly night under the Friday night lights or an evening inside Wharton Field House full of basketball and warmth, Moline High School students come prepared to cheer on the greatest teams in the Western Big Six Conference. The fans never let the teams down, bringing a hot rush of energy to every game. Whether it's home or away, Moline super fans never seem to disappoint.

# Retro 80's NEON

The Homecoming theme for this year was Retro 80's Neon. All week Moline High School students prepared for Homecoming with themes for every day leading up to the Big Game. On Wednesday, the school gathered at historic Wharton Field House for the Activities Fair, Volleyball Game, and Coronation. On Friday, students prepared for the annual Homecoming parade along the Ave. of the Cities. This year it was cut short due to the I-74 bridge construction, but it was still a successful event. Friday night, Moline crushed Rocky for a Homecoming Victory that was indeed one for the books.

Homecoming Court this year was filled with students who are driven to success. Ten senior boys and ten senior girls were voted on to court by the junior and senior class, On Wednesday, September 11, MHS held its annual Coronation at Wharton Field House where the announcement was made that the titles of King and Queen were given to Aboubucar Barry and Izabel Jernigan, and titles of Prince and Princess to David Kesseker and Jimena Lara. On Friday, court members gathered for the most important event of the year, the Homecoming Parade, which goes down the Avenue of the Cities. During the parade, all court members rode as couples in convertible cars. Later on, before the Homecoming football game at Browning field. court was introduce to family and friends, Walking across the field, each member had their future plans read out loud and what activities they were involved in during their time here at Moline High School.

## It's Show Time!

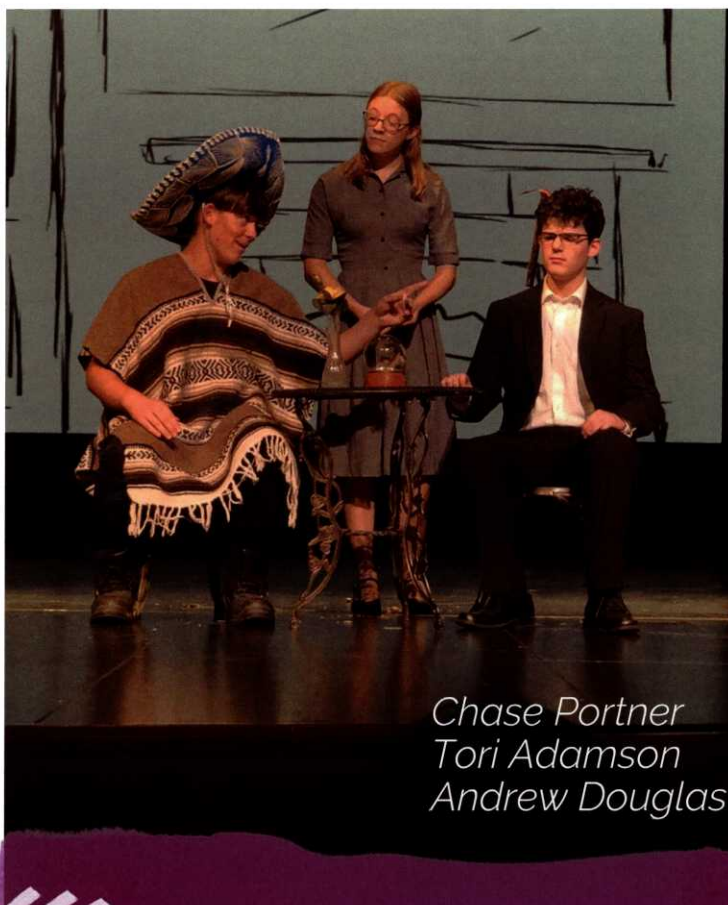

For the fall play, the MHS Theatre performed **All in the Timing**, which is a collection of six one act plays. There was a play to fit the taste of everyone so the audience left happy. The play consisted of everything from chimpanzees with typewriters to the many deaths of Leon Trotsky. The play was a bold choice and the students brought it to life. Since the play consisted of a collection of vignettes, more MHS students were able to take center stage.

Andrew Douglas acts one of Trotsky's many death scene alongside Tori Adamson.

# WORKING TOWARDS A DREAM

**S**o many of the students at MHS work while going to school. It can be quite difficult balancing homework, extra-curricular activities, and a job at a local business. If you go to one of our area grocery stores, there is a pretty good chance that you will see a Moliner behind the counter. Some students work just a few hours a week, but some work a heavy schedule, which is not easy while being a full-time student. If it is an effort to save money for a car or for college, the students of MHS prove throughout our community that they are some of the most responsible young people in the Quad Cities.

Sossi Montan

CONNOR McDONNELL

ALVIN MILLER

## A SPECIAL THANK YOU

This year the focus of these two pages is the many MHS students who continued to work during the COVID-19 outbreak. Many Moliners were on the front lines, risking their own well-being, so that the people of our community could have access to food and important provisions.

The Hunger Drive & Empty Bowls is an annual event hosted by the Moline-Coal Valley Schools to raise non-perishable foods to feed the hungry.

Moline's Interact Club leads the way in raising funds and dry goods that can be donated to the River Bend Food Bank, which helps so many people in our community.

The National Honor Society also helps raise money for the food drive by hosting Empty Bowls night. Students partner with other students and sports, they help serve soup, bread, and refreshments during the night. In all, MHS once again stepped up to help our community and our students also benefitted from the experience.

# The Velveteen Rabbit

## & Imagination Station

The cast of The Velveteen Rabbit dressed up as toys to bring this children's tale to life on stage. Krianna Walljasper played a stuffed rabbit, who dreams of one day being real. With the love of the boy, her dream comes true and she joins real rabbits in the forest.

Imagination Station is an original play written and directed by seniors Andrew Douglas, Izabel Jernigan, and Amira Siddique. It tells the tale of a seamstress who gave away everything she had to help who friends until she had nothing left. Her friends come together at the end to help her and repay her kindness.

"Being on the writing team/directing team for Imagination Station was an amazing experience I never expected to have during my time at Moline. It has taught me so much about finding meaning in every day and about not being afraid to use your voice to make sure people are being taken care of. Really could not have asked for a greater senior year." - Izabel Jernigan

Each year, MHS holds its annual holiday event--Share Joys. It kicked off with the donut eating contest on Wednesday, December 4th, where student teams compete to raise the most money. One person from each team tries to eat as many donuts as possible in just a few minutes! Throughout the week, NHS members dress as elves and sell goodies to students and staff. The raffles end the week, but ultimately, everyone is a winner.

# One night with you

For this year's spring musical, the theatre and music departments took us back to the 1950s with the performance of All Shook Up. The musical featured some of Elvis Presley's most famous songs and had the audience tapping their feet. The opening night was phenomenal, but sadly, the two other performances had to be cancelled due to the ban of large gatherings, which was a way of slowing the spread of the coronavirus. Nonetheless, the cast and crew created memories they will cherish forever.

## New CNC & P.E. Facility

In November of 2019, Moline High School revealed their new CNC manufacturing lab and equipment set up. The program allows students to learn, gain certifications, and have a hands-on education that will prepare them for a bright future. Currently, Moline has the only CNC lab program in the Illinois Quad Cities. This is an exciting addition to MHS.

Teacher Todd Thompson

Alexandra Gore & Kayla Depoorter

Changes started to occur around school this spring as construction began on the new PE Facility, which should be finished in December. It is really exciting because students will finally have a place that can accommodate a school of our size, and we can stop walking around the building or in the hallways. Additionally, during the unexpected break that occurred due to the coronavirus, an early start began on the air-conditioning. Both J and E wings should have air by the 2020-2021 school year and the rest of MHS will be finished by the following year. Thankfully, next fall should be much cooler for most of the school!

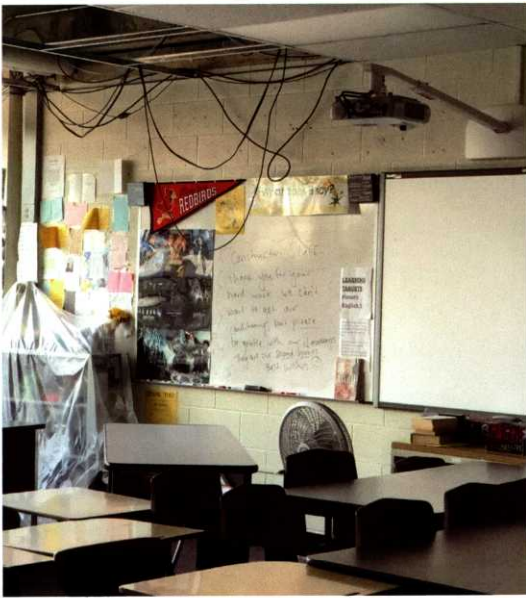

**The Student Parking Lot was much smaller this spring.**

The framing of the new facility was up in April and the immense size of our new addition was impressive. Next year, the road around the school and the student parking lot will look quite a bit different.

**Tearing up the rooms!**

The ceilings came down so the air conditioning could be installed.

- Regyn Buffington

"Superfaning at Football/Basketball games"

-Bralee Trice

"Performing all of our new music in the BPAC. We have done a lot of fun concerts and made each one memorable".

- Madisen Hoyt

IF YOU COULD CHANGE ONE THING FROM THIS  
PAST YEAR, WHAT WOULD IT BE?

"Not to procrastinate so much. That way I don't take time away from what's truly important".

- Tayler Gilmore

"I wish I wouldn't have underestimated how stressed I'd be and to manage the workload a bit better. Oh and getting more SLEEP!!!

- Janey Locander

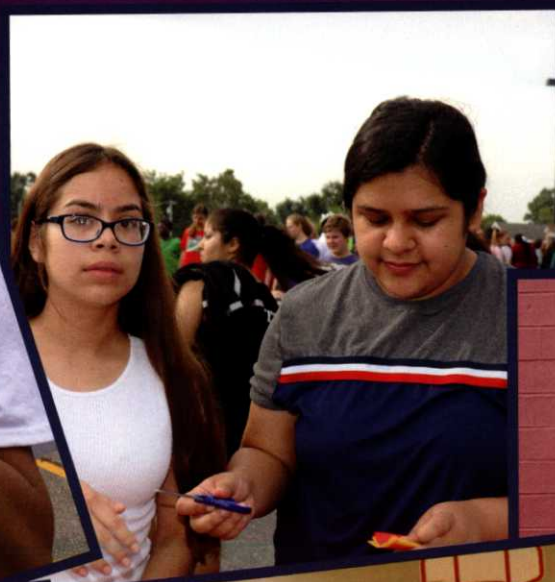

"When the bus left me at the bowling alley and I ran out barefoot to catch up to it"

# Staying in Touch

Tik Tok   Nothing   Instagram   Snapchat   Twitter

Social Media has become a major way that people communicate with one another. Our poll reveals that the sophomores at MHS prefer Snapchat, while Tik Tok has gained a lot of popularity over the year. With the outbreak of the coronavirus, people relied on Social Media even more than before since we were all stuck at home.

## What a Year!

The 2019-2020 school year was filled with excitement and friendship. We started by battling on the volleyball court and building a float for Homecoming. We gave our time and money to help others during Share Joys. It may have been a little about the food, especially Oreo balls and puppy chow. We danced at Sadie's and competed in sports throughout the year. During all this time, our friendships made everything better-- even when we couldn't hang out in person, which was the unexpected ending to our year.

# Building a Better Community

The students at MHS take pride in giving back to our community. Whether it is helping the environment with a giving garden or learning how to be compassionate leaders, our students value the importance of giving back.

"Green Moline is a great club to be a part of because students get to learn about sustainability and apply their knowledge to maintaining a garden with their friends."

-Chloe Rouse,  
Senior

"I think that this year we proved to ourselves that we are here to win, and these ladies always gave their best. We created a family, and I will indeed miss it. I know that these ladies can continue to prove other schools wrong."

The Bowling team really had an amazing season. The team this year was filled with hardworking ladies, who gave it their best on the alleys and had some impressive scores. Four bowlers made it to the IHSA Sectionals, which shows the talent on this team. In all, it was an exciting season, and next year looks to be just as exciting as this one.

The Girls Golf team gave it their all during their matches this season. Although this year the team was smaller, the girls gave it their all at every competition. Sophomore Kacie Knary had an exciting year, tying for fifth at the Galesburg Regional and advancing to sectional play. Hopefully, more young women will see the fun and athleticism of golf and go out for the team next year, so Moline can grow as a name in the sport.

The MHS girls soccer team, just like all the other spring sports, had their season cut short due to the COVID-19 virus. For 4 years, these 9 senior ladies worked hard--practice after practice, game after game. They gave it their all during these years, so they could ultimately enjoy their last season as seniors. Sadly, these ladies got an unexpected and disappointing ending that was beyond their control. The "M" staff would like to dedicate the spring sports sections to the seniors who had their Senior Season taken away. We all are wishing them the best of luck in their future plans and careers. This might not have been the ending we all planned for, but the best is yet to come. Tori, Ari, Makayla, Karima, Lauren, Allie, Gaby, Helen, and Camilla, this is just the beginning.

# BASEBALL

The Moline High School Boys Baseball team was looking forward to winning games and coming out on top, but sadly, due to the COVID-19 pandemic, all spring sports will not take place. The "M" staff would like to take a moment and dedicate the Boys Baseball section to the eight seniors who, just like all the other seniors, got their moment taken away. These players worked so hard these past years at MHS to get the chance of hearing their names being called out during senior night. We all wish nothing but the best for them. 2020 might not have been the year we all were hoping for, but these young men will continue their love of baseball in college and in life.

For these five senior ladies, their dream of enjoying their last season was taken away just like the rest of the spring sports due to the COVID-19 pandemic. The M staff would like to dedicate the MHS Softball section to the five senior ladies who were denied their senior year of playing. Although they didn't get the chance to face other teams, they still had a blast during practices before schools were closed. They created a bond that will never be broken. Kayla, Madison, Jennica, Greta, and Cierra, the "M" staff would like to congratulate you on your hard work and achievements here at Moline High. We wish you nothing but the best in your plans and dreams after high school.

It would be an understatement to describe the 2020 Boys Tennis season as "disappointing." Just like the rest of the spring sports, the MHS Boys Tennis team had to end their season before it ever began. The team was able to begin practices before the closing of the schools, but they were unable to compete. Fortunately, they were able to reconnect and re-establish their many friendships before the ending of their high school career. The "M" staff would like to dedicate the Boys Tennis section to the 11 senior tennis players, who deserve to be recognized for their achievements. We wish you nothing but the best and hope you all continue to achieve your dreams and goals.

# BOYS TRACK

Zidain Sterling

Although the Boys Track and Field were able to get a meet in for the 2020 season at St. Ambrose, the guys were not able to finish the season like they had hoped due to the unexpected ending caused by the coronavirus outbreak and the closing of Illinois schools. The team is filled with many talented seniors, and we were only able to specifically recognize some of them on these two pages due to the large number of senior competitors. The "M" staff would like to dedicate this page to all of the seniors who were not able to enjoy their last season of track & field. These young men have a passion for their sport, and we wish we could have seen more of their talent at MHS.

# & FIELD

**Left-** Matthew Bailey, Zidain Sterling, Alanio Reese, and Chase Kwinski celebrate winning the relay during the St. Ambrose meet.

Showing their support and effort at every practice and their one solo track meet, the team was poised for a great 2020 season.

# GIRLS TRACK

# & FIELD

Although the Girls Track and Field were able to get a meet in for the 2020 season at St. Ambrose, the ladies were not able to finish their season due to the COVID-19 outbreak. This unexpected ending cut short the careers of our seniors, who hoped for a successful final season. We are unable to name all of the senior competitors, but the "M" staff would still like to dedicate this page to all of those young women who were unable to enjoy their last season at MHS. We all hope you achieve your dreams and goals after Moline and continue that competitive spirit in all that you do.

# Congrats, GRAD!

Class of 2020

## EMILY LOPEZ

You grew before my eyes. I watched how you grew and became stronger and stronger and how hard you worked since you were in elementary!

I have so many wonderful memories with you that I will never forget! You are my best friend, my daughter, my rock when I feel weak. You have made me so proud not only in your sports, but in your academics as well. You are so smart and have so many talents that I know you will achieve any goal you set your mind to.

I LOVE YOU and will always be by your side cheering you on!

## MHS 2020

## THANK YOU "M" STAFF SENIORS!

*How we finished this book I do not know. You were all amazing and worked under some of the most difficult circumstances. Without you, we would not have a 2020 "M."*

*Enjoy the next chapter of your lives-  
Ms. Hafner*

to halt the outbreak.

# What changed our world? COVID-19

## Why is it called coronavirus or COVID-19?

"On February 11, 2020 the World Health Organization announced an official name for the disease that is causing the 2019 novel coronavirus outbreak, first identified in Wuhan China. The new name of this disease is coronavirus disease 2019, abbreviated as COVID-19. In COVID-19, 'CO' stands for 'corona,' 'VI' for 'virus,' and 'D' for disease. Formerly, this disease was referred to as '2019 novel coronavirus' or '2019-nCoV.'

There are many types of human coronaviruses including some that commonly cause mild upper-respiratory tract illnesses. COVID-19 is a new disease, caused by a novel (or new) coronavirus that has not previously been seen in humans. The name of this disease was selected following the World Health Organization (WHO) best practice for naming of new human infectious diseases. " (www.cdc.gov)

## When was it first reported in the U.S.?

The first case was reported on January 21, 2020 in Washington state. By mid April, the number of reported cases in the United States reached 500,000 with over 20,000 deaths, and COVID-19 was a global pandemic.

## What steps were taken to stop the spread?

"Social Distancing" became the norm as people were asked to stay home and stay at least 6 feet apart when out in public. In Illinois, Governor J.B. Pritzker issued a "stay-at-home" order effective March 21, 2020, closing all public schools and non-essential businesses, such as restaurants, clothing stores, gyms, etc. People began wearing face masks, many of which were homemade, to help protect themselves and others from the virus.

## What were some unexpected effects?

Environmentally, since people were quarantined around the world, tourist locations and major cities had less pollution, and without people traveling, the upper crust of the earth shook less. Economically, the virus was devastating as millions of people were laid off from their jobs. The local stores suffered shortages of milk, eggs, hand sanitizer, paper towels, disinfectant wipes, and surprisingly, toilet paper. Socially, people celebrated our nurses, doctors, police, grocery store workers, and others on the front lines, who showed up to work day after day with the ongoing threat of the virus. Having to stay at home, families spent more time together and found creative forms of entertainment--streaming movies, watching classic sporting events, playing board games, baking, etc. School became "remote learning" and students learned from home with a laptop instead of in a classroom with a teacher and friends.
